

What kind of question is it?

After the read aloud of City Dog, Country Frog, please identify the type of questions that are being asked. Is it a factual question, an inferential question, or a critical thinking question? After you've identified the type of question, please answer the actual question.

1. Why was City Dog sitting on the rock? \_\_\_\_\_

---

---

2. What did City Dog do on his first day in the city? \_\_\_\_\_

---

---

3. Why was Country Frog tired at the end of fall? \_\_\_\_\_

---

---

Factual: \_\_\_\_\_

---

---

Inferential: \_\_\_\_\_

---

---

Critical Thinking: \_\_\_\_\_

**Power of Questioning in K**

**Tell me about a time you felt upset or mad and what event made you feel that way?**

Student Responses:

- "I felt upset when I couldn't go to the park with my mom because she had to go to the store instead"
- "One time I felt mad when I couldn't eat my chips because it was dinner time"
- "I felt mad when I couldn't go to the Yogi Bear truck, there are fun games on it, only my sister could go, I was too young"
- "I felt mad when I couldn't get ice cream from the ice cream truck, my mom said no"

---

---

---

---

---

---

---

---

**Power of Questioning in K**

**Factual- What happened at snack time?**

Student Responses:

- "Liz put juice on the girl's dress and it made her feel very mad"
- "Liz put pink juice on the girl's dress on purpose"
- "Liz got juice on her little sister's dress when she was making a mess"

---

---

---

---

---

---

---

---

## Power of Questioning in K

**Inferential- Do you think the mom is upset that the girl in yelling, crying, and hitting her pillow?**

Student Responses:

- "No the mom is sad, I can see she is sad because she looks sad in the picture"
- "She doesn't get upset because the girl is already crying and she doesn't want her to get more noisy and upset"
- "No she knows that the sister put juice on her dress and the dress is special to her, so she knows why the girl is upset"

---

---

---

---

---

---

---

---

## Power of Questioning in K

**Critical Thinking- How does the main character's feelings change throughout the story?**

Student Responses:

- "At first the girl felt upset because Liz was being mean and she spilled juice on her dress, then she felt happy at the end because Liz got in trouble and the mom got the stain out of the dress. I can see the girl is happy at the end because she smiling."
- "The girl was upset at the beginning because her big sister was acting up and she put juice on her dress. Then the girl felt bad because she got so mad. At the end the girl felt happy because her mom cleaned her dress and got the juice off"
- "She was so mad at first because her sister does mean things to her that make her mad. At the end she feels happy because the problem is fixed and they are playing a game and smiling"

---

---

---

---

---

---

---

---

How does the main character feel?

Beginning	Middle	End
she felt sad	she felt sad	she felt happy
because her sister was being mean	because she spilled juice on her dress	because her sister got in trouble
and she was crying	and she was mad	and she was smiling
and she was hitting her pillow	and she was sad	and she was happy

How does the main character feel?

Beginning	Middle	End
the girl felt sad	and the girl was sad	and the girl feels happy
because her sister spilled juice on her dress	why she was mad	because her mom is washing her dress so the stain can come off.
and she was crying	the girl starts to smile and feels less mad	
and she was hitting her pillow	so happy

## Power of Questioning in 2nd

3. Why was ~~the frog~~ <sup>the frog</sup> tired at the end of fall?  
Country frog was tired because  
He was getting sick and passed  
away.

What did you think of when you came up with your response?  
I know that when a animal is turning  
into colors it's getting sick

3. Why was ~~the frog~~ <sup>the frog</sup> tired at the end of fall?  
I think in the mind to come up with  
more he was tired because of the thinking

What did you think of when you came up with your response?  
I think in the brain to come up  
with my response I know the frog was  
sick because there were spots on the frog at  
the end.
